

New Improved!

CODE ELECTRIC

products Ltd.

CODE ELECTRIC PRODUCTS Ltd. is proud to introduce the following *new BC Hydro "L" boxes* as a stock item in response to changes of the BC Hydro Distribution Standard . Our new two piece design has a removable top cover plate, which eliminates the confusion of specifying left or right configurations. Simply remove the cover plate, flip the box, bolt together and replace the cover over the unused hole.

Features:

- Easier to stock – two pieces design – less space
- Easy to use – Left or Right same box
- Plastic edging supplied to protect cables
- Comes with open bottom – no longer have to cut BC Hydro conduit and holes
- 14 gauge galvanized steel
- C.S.A. enclosure 1
